

This heavy duty acid cleaner and brightener is specially formulated for fast removal of corrosion and oxidation from aluminum surfaces. It leaves aluminum bright and clean. Ideal for use on aluminum trailer bodies, boats, building materials and most other exterior aluminum surfaces. Do not use on anodized aluminum.

DIRECTIONS:

Wear rubber gloves, goggles and suitable protective clothing when handling. Dilute 1 part cleaner with up to 10 parts water. Brush or swab onto the surface to be cleaned, allow to penetrate soils and rinse thoroughly with clean water. Use with care on painted surfaces. Use plastic pails for diluting and dispose of excess solution immediately after use.
